

Passionately Crafted. One Batch at a Time.

To us, creating Gin is not just about the handpicked botanicals, or our custom-designed still, or the molecular technology we use to protect the delicate flowers used in the Gin. It is about waking up every day and loving what we do. It's about setting out to make the finest Gin we can, one batch at a time. It's about creating something extraordinary. Something to be proud of. That's who we are.

Six Dogs Karoo Gin

Six Dogs Karoo Gin is a delicate and balanced Gin of twelve select botanicals, distilled and bottled by us at Six Dogs Distillery. Its distinguishing botanicals are grown by us on our farm, which intersects three different bioregions including the Succulent Karoo. It is from here that we gather the Karoo Thorn flower and Wild Lavender that make our Gin unique amongst all the Gins in the world. Sip it and you will pick up the paired notes of Juniper and Wild Lavender that introduce the Karoo. What follows is a fresh medley of citrus including Limes, Mandarins and farm-grown Lemon Buchu. Six Dogs Karoo is best enjoyed as is, over ice and with a good tonic. It needs no garnish!

Six Dogs Blue Gin

Six Dogs Blue Gin derives its name from the Blue Pea Flower (*Clitoria Ternatea*), an antioxidant and aphrodisiac in traditional medicine. As chance would have it, 'Blue' is also the name of the smallest dog in our pack of six. The infusion of Blue Pea gives the Gin its striking colour, while the alchemy of this unusual botanical is further revealed when the Gin is mixed with a good tonic, changing the colour to light pink. Six Dogs Blue is a classic dry Gin with hints of freshly-cut Lucerne over hand-picked and morning-harvested Rose Pelargonium. Six Dogs Blue is a party Gin that offers a touch of magic – beautiful by itself and when mixed with tonic, it can also be enjoyed with a variety of garnishes from berries in season to herbs and spices to rose petals. Let your imagination run riot!
